VocoTable — the AI phone host for Australian restaurants.

Made in Sydney · Answers 24/7 · Free first week

The most expensive
sound in hospitality
is a
ringing phone
nobody answers.

- Friday 7pm — every hand is on the floor
- 10pm — tomorrow's function call rings out
- The caller doesn't leave a message. They book next door.

"Hello! Thanks for calling — how can I help?"

Meet Bella.

Your AI phone host — on every call, every hour.

Answers instantly

No voicemail. No hold music. Ever.

Books the table

Straight into your diary — no double-ups.

Sounds local

Warm Australian voice. Suburbs said right.

Never guesses

Unsure? She takes a message — your team calls back.

Always on. Instantly there.
